OCTOBER IS FIRE SAFETY MONTH

Each year, the National Fire Protection Association (NFPA) celebrates National Fire Safety Month in October with Oct. 8th-14th being national fire prevention week.

This year’s Fire Prevention Week™ (FPW™) campaign, “Cooking safety starts with YOU. Pay attention to fire prevention™,” works to educate everyone about simple but important actions they can take to keep themselves and those around them safe when cooking.

NFPA Fire Prevention Week

College students living away from home should take a few minutes to make sure they are living in a fire-safe environment.

Campus Fire Safety Tips

FACT

1. Fires in dormitories are more common during the evening hours, between 5-11 pm, and on weekends.
2. Roughly six out of seven fires in dormitories are started by cooking.

1st Aid, Adult CPR & AED Training

Registration form

10/19/2023 1:00-3:30pm

With 88% of cardiac arrests happening at home, it is wise to be trained in Cardiopulmonary resuscitation (CPR) to help loved ones immediately. Many people who suffer from cardiac events appeared healthy at the time and did not have any known heart risk factors.
