

Safety Starts with you

February is American Heart Month

Taking care of your heart health has never been more important and there is a lot you can do to prevent heart disease. Being smart about your heart means knowing what causes heart disease and what your individual risk factors are.

LAB SAFETY AWARENESS WEEK

2 CSHEMA 24

February 12-16

Lab Safety Awareness Week is an event held from February 12-16, 2024, that recognizes the successes of laboratory health and safety programs and offers information and ideas on how to keep our faculty, staff and students safe.

The following are lab related topics that can be discussed during your next meeting:

- [Engineering Controls](#)
- [Chemical Storage](#)

COE Lab Coat Program

CoE Safety has partnered with Cintas to provide lab coat laundry services. Additional information can be found at:

<https://safety.engr.wisc.edu/coe-lab-coat-program/>

1st Aid, Adult CPR & AED Training Registration

2/29/2024 9:00-11:30am

With 88% of cardiac arrests happening at home, it is wise to be trained in Cardiopulmonary resuscitation (CPR) to help loved ones immediately. Many people who suffer from cardiac events appeared healthy at the time and did not have any known heart risk factors.

To register, scan the QR code above.
